MEMORANDUM FOR: General Counsel

ATTENTION:

25X1A

FROM: Chief, SE Division

SUBJECT: Annual Leave Regulations

25X1A

1. The SE Division is in receipt of a dispatch from the Senior Representative at the requesting immediately information relative to annual leave regulations including an answer to the following question:

"To enable non-integrated employees to plan the use of their annual leave to be taken at the station will such employees be given 'home leave' not chargeable to annual leave, as is granted to integrated employees? This is of immediate concern to new employees, who have arrived at the station with practically no annual leave to their credit, and who, if they wish to return to the station after home leave, will need all of the leave which they can accrue during their normal two-year tour to take annual leave at home if they are not to receive 'home leave.'"

2. There is apparently some difference of opinion as to whether integrated personnel are entitled to home leave not chargeable to annual leave. In addition, the answer to this question may result in a grave inequity to non-integrated employees. Consequently, in accordance with telephone conversation with of SE Division it is requested that determination be made by your office as to the appropriate answer to the question raised by the field as set forth in paragraph 1 above.

3. It will be appreciated if you will advise this Division of your decision at the earliest possible date so that we may make the necessary reply to the field station.
